Dear Mr. Solo:

Thank you for your dedicated service to the IBWC. When we have been challenged with unforeseen shortages of personnel in key positions across the 2,000 miles of the International border you have willingly taken on that responsibility in a professional and effective manner. There is no doubt that you have done this at great personal sacrifice and we are all greatly indebted to your continued service and dedication.

Your service to the IBWC and to your country is commended.

Sincerely,

Edward Drusina, P.E.  
Commissioner  
USIBWC
