Good Morning Mr. Gentsch

I have shared the documents you sent with Mr. Frankie Pinon. He is the point of contact for submitting project related documents for review. We require 2D HEC-RAS modeling for the determination of hydraulic impacts. I have also cced Dr. Apurba Borah, who is our Lead Hydraulic Engineer. He will answer questions related to the 2D HEC-RAS modeling for calculation of hydraulic impacts to assure that they are within threshold limits, consistent with the 1970 Boundary Treaty.

Thanks
